**Adrian Connor CD Release**

Veteran ATX rocker Adrian Conner dropping "the Sickness" from her marquee might sound like a pop star trip, but her new disc, *Be Your Own Saviour*, packs so many head-banging grooves into 11 songs that perhaps she just needed more room for her own bad self. A tight 31 minutes, it's like a woman who's said everything she needs to say and slams the door in your face. She whose dreads fly as Angus Young in all-girl AC/DC tribute Hell's Belles doesn't disappoint.
